VI. GEODESY, CARTOGRAPHY AND GEOGRAPHIC INFORMATION SCIENCE

ROOM D205

Rank	Time	Name and Surname	Name of the article	Section
	8:00	Registration of participants (in the main building, in front of the room A203)		
	8:30	Opening speech (room A203)		
	8:45	Introduction lecture (room A203) *Innovation in Plastic Recycling by Plastis Guyes*		
	9:15	Opening of the meeting (room D205)		
1	9:30	Martin Boušek	**Testing the effect of flight and scan strip alignment parameters on the accuracy of the point cloud obtained by the DJI Zenmuse L1 lidar system**	6
2	9:45	Jakub Kučera	**MDSR vegetation filter**	6
3	10:00	Alice Adamcová	**Creating an Information Extension for 3D Model of Tombstone – Finding the Most Effective Way**	6
4	10:15	Jakub Vynikal	**Extracting features from historical maps with Deep learning**	6
	10:30–11:00	Coffee Break		
5	11:00	Ondřej Vystavěl	**Use of common data environment in building information management**	6
6	11:15	Tadeáš Červík	**Throwshed analysis based on digital elevation model**	6
7	11:30	Hana Váchová	**Determination of variation components from geodetic micronetwork adjustment**	6
8	11:45	Jonáš Kačerovský	**Comparison of the accuracy of data collection using ground photogrammetry and laser scanning and the subsequent creation**	6
	12:00–13:00	Lunch Break		
9	13:00	Tomáš Ič	**Local modelling of the fractal dimension on digital elevation models**	6
10	13:15	Laura Pénzešová	**Wavelet transform of gravity time series in Hurbanovo**	6
11	13:30	Nikita Yakshin	**Design and Implementation of a Geographic Information System (GIS) for the ZOO in Bratislava**	6
12	13:45			
	14:00–14:30	Coffee Break		
13	14:30			
14	14:45			
15	15:00			
16	15:15			
	15:30	Session Closing		
	15:35–17:50	Accompanying programme - excursion - meeting point in front of the main building A		
	18:00–18:30	Closing speech, Evaluation of papers (A203)		
	18:30–24:00	Reception dinner on the 4th floor of the main building A (entry after ticket submission)
